Customizing QuickBooks for your business

Next, we'll **customize QuickBooks** by turning on features that best meet your business needs. To do this, we'll ask you questions about:

- Your industry and what you sell
- How and when your customers pay you
- How you pay your bills

The features that appear in your custom Home page will be based on your answers.

Not sure what you'll need for your business? Answer the interview questions based on your current needs. You can easily enable additional features later.

Introduction to QuickBooks

Specifying Features for Your Business 32 of 80

It is helpful to set up your company's features now, rather than later. For example, Cassie's Catering charges sales tax. By specifying this feature now, sales tax options will be automatically placed in the appropriate QuickBooks forms.

The remaining steps in the EasyStep Interview gather the information necessary to select the appropriate features. Let's complete the rest of the interview.

Very good, the tutorial has built-in exercises from the software. Should only take you about 4-5 hours.. This piece of software is pretty much useless. You basically need to buy all the other related QuickBooks Software otherwise you can't do anything with it. I will NOT recommend anyone to buy this.
